Alt phrasings: Education loan rate | Study abroad loan Horizon Bank | Education loan moratorium

Keywords: education loan, student loan, study loan, 9.5%, moratorium, abroad education

Q: My EMI was not deducted this month — what happens now?

A missed EMI due to insufficient balance is treated as a bounced EMI. The bank retries deduction within 2-3 days. A bounce charge of Rs.500 is applied. The missed payment is reported to credit bureaus, negatively affecting your CIBIL score. Top up your account immediately and contact customer care to arrange collection of the missed EMI at the earliest.

Alt phrasings: My loan EMI bounced — what is the penalty? | EMI not deducted this month

Keywords: EMI bounce, missed EMI, bounce charge, CIBIL impact, EMI failure

Q: Can I prepay my loan or pay it off early?

Yes. Partial or full prepayment is allowed. For floating-rate loans, RBI guidelines prohibit prepayment penalties for individual borrowers. For fixed-rate loans, a prepayment charge of 2%-4% of the outstanding principal may apply. Partial prepayments can reduce either your EMI or the remaining tenure, as per your preference. Contact your loan relationship manager or visit any branch to initiate prepayment.

Alt phrasings: Can I close my loan early? | Prepayment penalty home loan | Foreclose personal loan

Keywords: loan prepayment, early closure, foreclosure, prepayment penalty, part payment

Q: How is my EMI amount calculated?

EMI is calculated on the reducing balance method: $EMI = P \times R \times (1+R)^N / ((1+R)^N - 1)$, where P = principal, R = monthly interest rate, N = tenure in months. As you repay, a larger portion of each successive EMI goes towards principal. Use the Horizon Mobile app's built-in EMI calculator under 'Loans > EMI Calculator' to estimate your monthly payment before applying.

Alt phrasings: How does the bank calculate EMI? | EMI calculation formula | Reducing balance EMI

Keywords: EMI calculation, reducing balance, EMI formula, loan EMI calculator

Q: What is the difference between fixed and floating interest rate on a home loan?

A fixed interest rate stays constant throughout the tenure, offering predictable EMIs regardless of market changes. A floating rate is benchmarked to the RBI repo rate and adjusts periodically — your EMI can rise or fall. Fixed rates are usually 0.5%-1% higher at origination. Floating rates benefit borrowers when RBI cuts rates; fixed rates offer stability when rates rise.

Alt phrasings: Should I choose fixed or floating home loan? | Floating rate home loan India | Repo rate linked vs fixed home loan

Keywords: fixed interest rate, floating interest rate, repo rate, home loan comparison

Q: My CIBIL score is low — can I still get a loan?

A CIBIL score below 650 significantly reduces approval chances. However, Horizon Bank may still consider your application with: a co-applicant having a good score, collateral (gold, FD, property), or a strong income profile. Secured options like gold loans or loans against FDs are easier to obtain with a low score. Improve your score by clearing dues, reducing credit card utilisation below 30%, and maintaining timely repayments for 6-12 months.

Alt phrasings: Can I get a loan with bad credit? | Loan with poor CIBIL | How to improve CIBIL for loan?

Keywords: CIBIL score, low credit score, loan rejection, gold loan, secured loan

Q: How do I get a loan statement or repayment schedule?

For a provisional interest certificate (for tax purposes — Section 80C/24b), request it via the app or branch. Annual loan statements are also emailed to your registered address at the end of each financial year.

4. Transactions & Payments

Q: My money got debited but the transaction failed. When will I get a refund?

Failed IMPS/NEFT/UPI/card transactions: if the amount was debited but not credited to the beneficiary, the bank initiates an automatic reversal. UPI refunds are credited within 2-3 business days; NEFT/IMPS reversals may take up to 5 business days. If not reversed in time, raise a dispute via the app, internet banking, or customer care with your transaction reference number.

If the recipient refuses, you may file a complaint with the Banking Ombudsman (cms.rbi.org.in) or pursue legal recourse.
